We are alive to the fact that the trade must be supplied with what they wish to wear, and know-ing this so well we have dared to do what no other bouse in the city has had the courage to do, and that is, our buyer has been in New York city for the past week and has purchased over 1,000 of the NEWEST AND MOST STYLISH WRAPS ever shown or seen in our city. As the season is about to close with the manufacturers they were very anxious to close out the stocks on hand, and we bought them at prices to suit ourselves, not at what they had been selling for, but just about one half their value.
